NATURE OF BUSINESS

Avnet Embedded provides customers in Europe with a complete range of embedded solutions, from semi-finished board products to full ODM projects. Serving customers in an array of markets, Avnet Embedded offers customers extensive support through leading technology in boards, displays, industrial networking, wireless and embedded software.

Avnet Embedded operates as an independent subsidiary of Avnet Electronics Marketing EMEA and it utilises the strengths of Avnet EM EMEA's backbone organisations – such as Avnet Logistics – to ensure the highest level of customer satisfaction.

FRANCHISED SUPPLIERS

Focused portfolio with more than 50 major embedded franchises (Embedded Computing, Displays, Printers, Software and Wireless & Networking). See individual country linecards for more details.
